

Monday 8th June 2020

To all members of staff The Robinswood Academy Trust,

I am writing to you all on behalf of myself and the trustees to thank you for your efforts and dedication over the period of lockdown and as we move forward to accommodate more children.

The service you have provided has given invaluable support to our vulnerable families and allowed key workers to perform their vital services as well as support for home working.

The Trustees have delegated to the Finance and General Purposes Committee the task of ensuring the Health and Safety of both staff and pupils as more return to school. We have scrutinised the arrangements and procedures thoroughly and thanks to the sterling efforts of all concerned are confident that we can proceed to the next stage. The Trustees have therefore agreed that the arrangements will provide the best and safest service we can in the circumstances.

We will keep the arrangements under constant review looking at national and local advice.

We greatly appreciate that you are returning to school to continue providing the best support possible for our families.

Richard Barnard

Chair of Trustees
